

Walk #1

Mc Convey Viewpoint Trail

GaLTT's Great Winter Walkabout

What to expect

Approx time: 30 minutes

Approx distance: 1.7 km return

Difficulty: undulating and fairly easy

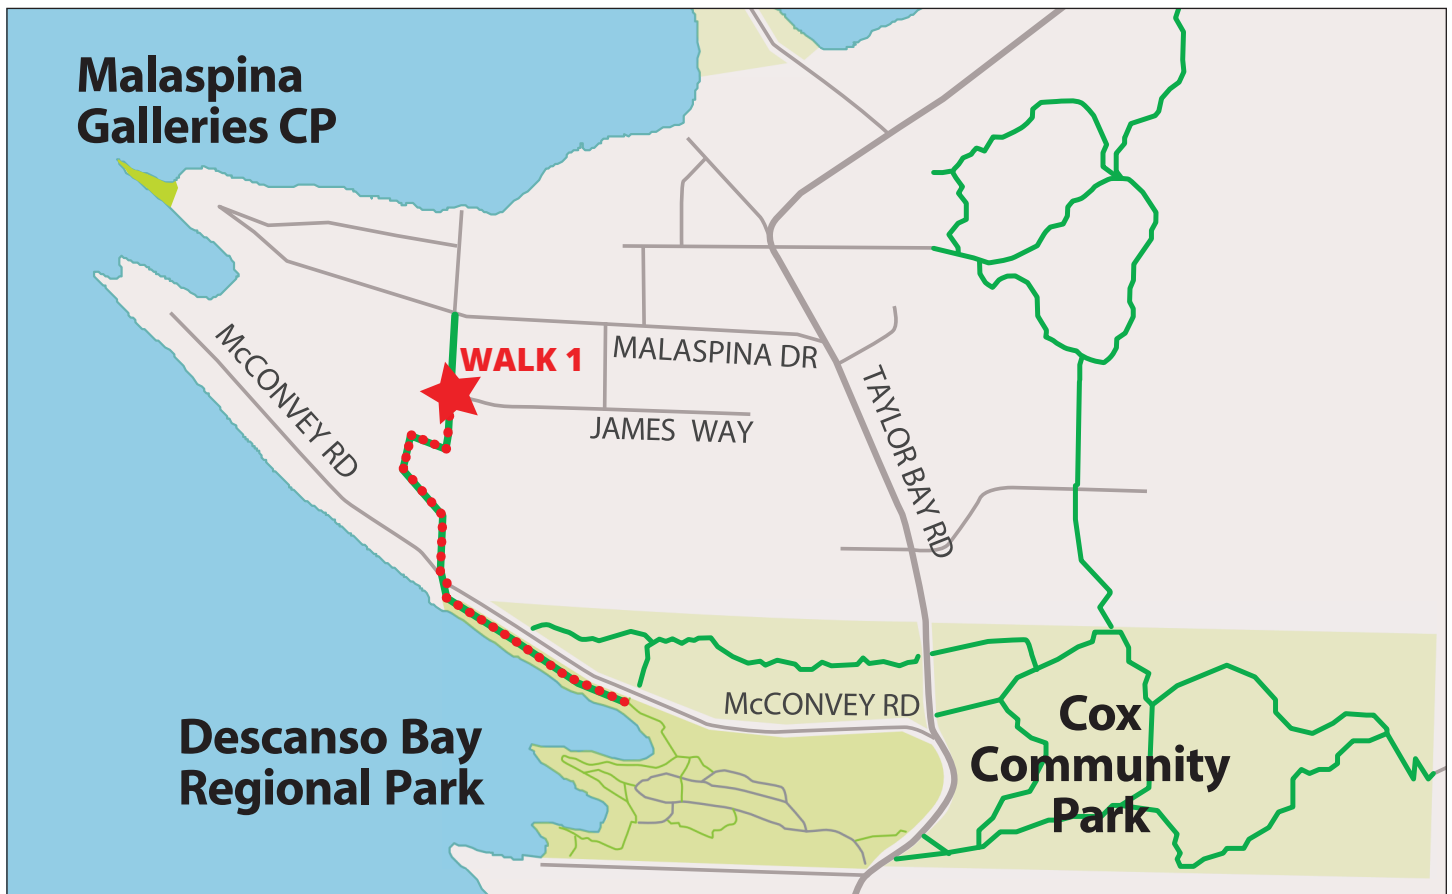

HAZARDS: trail follows top of dangerous cliffs, please keep dogs and children close.

This lovely walk will take you along the clifftops above Descanso Bay Regional Park, providing spectacular views and sunsets.

A big thanks to the Cameron family for their generosity in holding a GaLTT trail license and allowing us to walk on their land!

Directions

Begin at the west end of James Way (Malaspina area) and follow the trail down the slope and then to the right. Bear left and over the bridge, through the forest and up to McConvey. Turn left on the road and almost immediately right by the hydro pole to the trail that follows the cliff top. Pause to soak in the winter sunshine and view over Descanso Bay. Walk along the trail to where it rejoins McConvey or goes down to the campground. Walk back to the left along McConvey and the trail you came on, or use your GaLTT map to do a longer loop through Cox Park and Haven Woods to King Road or down to the campground.

Gabriola

RECREATION SOCIETY

THANKS TO THE GRS
FOR PROJECT
FUNDING!

PLEASE REMEMBER that even the easiest Gabriola trails may have mud and rough or rooty sections that make sections awkward or slippery.
